Foundations of Counseling and  
Psychotherapy SAGE Publications,  
Incorporated

Focuses heavily on contemporary  
approaches and cross-professional  
applications This book emphasizes "big  
picture" frameworks to conceptualize  
how major theories of counseling and

psychotherapy operate and compare.  
This innovative new text presents  
theories using an "paradigm" framework:  
the organic-medical, psychological,  
systemic/relational, and social  
constructivist paradigms. . Designed to  
be accessible and relevant to practice,  
the book enhances and reinforces  
learning with the inclusion of learning  
objectives, chapter summaries,  
applications of each theory in practice,  
and brief biographies of major theorists.

The text moves beyond traditional approaches with expanded coverage of relationship-centered and post-modern theories such as Dialectic Behavior Therapy, Emotion Focused Therapy, Solution-Focused Brief Therapy, Narrative Therapy, and others. Each theory is explored in depth through the use of a student-mentor dialogue that examines and debates the challenges that arise with each theory. The book also addresses the counseling role in psychiatric case management, reflecting the growing reality of cross-professional collaboration. Practical yet rigorous, the text is a state-of-the-art introduction to contemporary approaches in counseling and psychotherapy for students in counseling, social work, professional psychology, marriage and family

therapy, and related professions. Key Features: Organized by a contemporary, "big-picture" framework—"paradigms." Delivers expanded coverage of relationship-centered counseling theories Addresses contemporary approaches in depth, including postmodern theories and psychiatric case management Provides learning objectives, concluding summaries, review questions, and brief bios of major theorists Includes unique mentor-student dialogues exploring each theory and its application to practice  
*Theories of Counseling and Psychotherapy - International Student Edition* John Wiley & Sons  
 EXPAND AND REINFORCE YOUR UNDERSTANDING OF COUNSELING AND PSYCHOTHERAPY THEORIES This

supplementary resource to Counseling and Psychotherapy Theories in Context and Practice, Second Edition will further deepen your understanding of three key components of counseling and psychotherapy theory and practice: self-awareness, knowledge, and application and skill development. This Study Guide offers: A pre-test and post-test in each chapter that will orient you to key theoretical principles and evaluate how well those principles fit with your values and beliefs An opening and closing professional development essay written by a student, practitioner, or faculty member who is active within the counseling or psychology professions Multiple-choice practice tests for each chapter to reinforce important theories and concepts A comprehensive short-

answer question review for each chapter Practice activities designed to help students experience and practice implementation of each theory Critical reflections on each theory Crossword puzzles to keep learning fun A glossary of key terms for each chapter Instructor Site:

*The SAGE Encyclopedia of Theory in Counseling and Psychotherapy* SAGE Publications

Apply the major psychotherapy theories into practice with this comprehensive text *Counseling and Psychotherapy Theories in Context and Practice: Skills, Strategies, and Techniques, 2nd Edition* is an in-depth guide that provides useful

learning aids, instructions for ongoing assessment, and valuable case studies. More than just a reference, this approachable resource highlights practical applications of theoretical concepts, covering both theory and technique with one text. Easy to read and with engaging information that has been recently revised to align with the latest in industry best practices, this book is the perfect resource for graduate level counseling theory courses in counselor education, marriage and family therapy, counseling psychology, and clinical psychology. Included with each copy of the text is an access code to the online Video Resource Center (VRC). The VRC features eleven videos—each one covering a different therapeutic approach using real

therapists and clients, not actors. These videos provide a perfect complement to the book by showing what the different theories look like in practice. The Second Edition features: New chapters on Family Systems Theory and Therapy as well as Gestalt Theory and Therapy Extended case examples in each of the twelve Theory chapters A treatment planning section that illustrates how specific theories can be used in problem formulation, specific interventions, and potential outcomes assessment Deeper and more continuous examination of gender and cultural issues An evidence-based status section in each Theory chapter focusing on what we know from the scientific research, with the goal of developing critical thinking skills A new section on Outcome Measures that

provides ideas on how client outcomes can be tracked using practice-based evidence Showcasing the latest research, theory, and evidence-based practice in an engaging and relatable style, Counseling and Psychotherapy Theories in Context and Practice is an illuminating text with outstanding practical value.

**Theories of Counselling and Psychotherapy** John Wiley & Sons

This student-friendly and well designed introductory text provides a thorough overview of 14 widely used theories. Experts examine each theory from the perspective of its historical background, major constructs, goals, cross-cultural considerations, and limitations. Traditional and brief interventions integrate theory with specific counseling

strategies, giving students further insight into the counseling process and guidance in developing their personal counseling style. A consistent case study across chapters reinforces the differences between theories and illustrates assessment of client concerns and treatment planning. Introductory chapters explore core dimensions and brief approaches to the helping relationship, and how to best deliver counseling and advocacy services to diverse client groups. A complimentary test manual and PowerPoints for instructors' use are available by request on university letterhead. \*Requests for digital versions from the ACA can be found on wiley.com. \*To request print copies, please visit the ACA website here:

**Theories of Counseling and Psychotherapy** John Wiley & Sons Using case studies, applied examples, original source material, and her own inimitable pedagogical style, Nancy Murdock succinctly elucidates fifteen of the most influential and ground-breaking theories of psychotherapy and counseling. With this articulate guide to counseling theory, students will grasp complicated historical theory and not only understand the historical footing and uses of each, but will learn how these theories have informed each other and contributed to modern practice, while applying it to their own professional counseling experience. Examining the historical roots, evaluations, and lasting effects of Existential, Gestalt, Behavior, Cognitive,

Reality, Feminist, Family, Narrative, and Solution-Focused Therapy and much more, this text equips students with the history and application necessary to bring theory to life. Note: this is the standalone book.

HarperCollins College Division  
 Theories and Applications of Counseling and Psychotherapy provides students with the foundational knowledge needed to implement various therapeutic approaches in individual and family counseling. The dynamic author team of Earl J. Ginter, Gargi Roysircar Sodowsky, and Lawrence H. Gerstein presents

theories through a multicultural and social justice-oriented lens, including evidence to support each theory. Students will embrace chapter concepts through vibrant illustrations and relevant examples from movies, TV shows, news articles, and other sources presented throughout.

Counseling and Psychotherapy Theories in Context and Practice, with Video Resource Center Wadsworth Publishing Company

Incorporating the thinking, feeling, and behaving dimensions of human experience, the tenth edition of Corey's best-selling book helps students compare and contrast the therapeutic models expressed in counseling theories. Corey introduces students to the major theories (psychoanalytic, Adlerian,

existential, person-centered, Gestalt, reality, behavior, cognitive-behavior, family systems, feminist, postmodern, and integrative approaches) and demonstrates how each theory can be applied to two cases (Stan and Gwen). With his trademark style, he shows students how to apply those theories in practice, and helps them learn to integrate the theories into an individualized counseling style. Theories of Counseling and Psychotherapy Pearson

This continues to be the only counseling theory text that shows how and why to engage in the specifics of each major

counseling theory. It is the most detailed and specific of all texts in terms of helping students actually practice counseling and therapy. The "Practice Competencies" provide students with specifics of how to use major strategies, allowing instructors to expect their counseling students to present portfolios of competencies indicating that they can actually engage in the theory as well as understand it. The text has infused multicultural orientation and illustrates how traditional theory can be adapted with many different populations.

**Theory and Design in Counseling and Psychotherapy** Cengage Learning  
Reflecting the latest practices from the field, the comprehensive THEORIES OF PSYCHOTHERAPY AND COUNSELING: CONCEPTS AND CASES, 6th Edition

equips readers with a solid understanding of the systematic theories of psychotherapy and counseling. A proven author and popular professor, Dr. Richard Sharf combines a thorough explanation of concepts with insightful case summaries and therapist-client dialogues that illustrate techniques and treatment in practice. Dr. Sharf demonstrates how to apply theories to individual therapy or counseling for common psychological disorders-such as depression and generalized anxiety disorders-as well as how to apply them to group therapy. For major theories, the text includes basic information about background, personality theory, and theory of psychotherapy to help readers understand the application of psychotherapy theory. In addition,

insight into the personal lives and philosophical influences of theorists helps explain how the theorists view human behavior. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*Counseling and Psychotherapy Theories in Context and Practice Study Guide*  
Routledge

This text provides a comprehensive overview of a variety of major counseling theories and focuses on the integration of different theoretical models.

Appropriate for advanced undergraduates and graduate students, it offers a detailed description of the philosophical basis for each theory, along with historical context and a

biography of the founder. Each chapter follows a similar format and explores the main features of the theory, including its approach to and ideas on personality development, human nature, the role of environment, the change process in therapy, and contributions and limitations to the mental health field. Theory-specific information on diagnosis, psychopharmacology, multicultural issues, spirituality, and gender issues is also discussed. These features will provide students with a deeper and more complete understanding of counseling theory than is available in any single resource and allow them to easily bridge classroom study to their future practice. This second edition of the text has been completely updated and includes more case examples, as

well as a new chapter on Constructivist approaches. An online instructor's manual with student resources is available and offers material to enhance the pedagogical features of the text. Counseling and Psychotherapy Pearson College Division  
The SAGE Encyclopedia of Theory in Counseling and Psychotherapy is a two-volume source that traces theory and examines the beginnings of counseling and psychotherapy all the way to current trends and movements. This reference work draws together a team of international scholars that examine the global landscape of all the key counseling and psychotherapy theories and the theorists behind them while presenting them in context needed to understand their strengths and

weaknesses. This is a quick, one-stop source that gives the reader the “who, what, where, how, and why” of contemporary counseling and psychotherapy theory. From historical context in which the theories were developed to the theoretical underpinnings which drive the theories, this reference encyclopedia has detailed and relevant information for all individuals interested in this subject matter. Features & Benefits: Approximately 335 signed entries fill two volumes available in a choice of print or electronic formats. Back matter includes a Chronology of theory within the field of counseling to help students put individual theories within a broader context. A Master Bibliography and a Resource Guide to key books, journals,

and organizations guide students to further resources beyond the encyclopedia. The Reader’s Guide, a detailed Index and the Cross References combine for effective search-and-browse in the e-version and helps students take the next steps in their research journeys. This reference encyclopedia serves as an excellent source for any individual interested in the roots of contemporary counseling and psychotherapy theory. It is ideal for the public and professionals, as well as for students in counselor education programs especially those individuals who are pursuing a Masters level degree.

Theories of Counseling and Therapy  
Wadsworth Publishing Company  
Comprehensive in scope yet succinct in its descriptions and explanations,

THEORIES OF PSYCHOTHERAPY & COUNSELING, International Edition equips students with a solid understanding of the systematic theories of psychotherapy and counseling. Proven author and professor Dr. Sharf delivers a thorough explanation of concepts as well as insightful case summaries and therapist-client dialogue that illustrate techniques and treatment in practice. He demonstrates how theories can be applied to individual therapy or counseling for common psychological disorders-such as depression and generalized anxiety disorders-as well as how to apply them to group therapy. A final chapter compares and critiques each of the theories. For the major theories presented in the text, basic information about background,

personality theory, and theory of psychotherapy provides a means for understanding the application of psychotherapy theory. Insight into the personal life and philosophical influences of a theorist also helps explain how the theorist views human behavior.

### **Theories of Counseling and Psychotherapy** Cengage Learning

This introduction to theories of counseling and psychotherapy relates major schools of thought to everyday practice in the helping professions. The author employs a student-friendly tone to explain the complexities of each theory, provides examples to clarify abstract ideas, and focuses on the positive psychology aspects in the theories themselves. Pedagogical aids include class discussion topics, small

group exercises, and opportunities for personal reflections. Multicultural matters are integrated into all chapters instead of discussed separately.

*Theories and Applications of Counseling and Psychotherapy* SAGE Publications  
Comprehensive in scope yet succinct in its descriptions and explanations, *THEORIES OF PSYCHOTHERAPY AND COUNSELING: CONCEPTS AND CASES*, 6th Edition equips readers with a solid understanding of the systematic theories of psychotherapy and counseling. The book delivers a thorough explanation of concepts as well as insightful case summaries and therapist-client dialogues that illustrate techniques and treatment in practice. It demonstrates how theories can be applied to individual therapy or counseling for common

psychological disorders-such as depression and generalized anxiety disorders-as well as how to apply them to group therapy.

*Contemporary Theory and Practice in Counseling and Psychotherapy* John Wiley & Sons  
*Essential Theories of Counseling and Psychotherapy: Everyday Practice in Our Diverse World* is the first book to provide an integrated presentation of relational competencies, microskills, and theories. Clear and concise, it gives an overview of current theories, presents best-known evidence-based relationships and practices, and explains how theories apply to counseling and psychotherapy. Students not only learn about the traditional theories such psychodynamic, behavioral, existential, humanistic,

cognitive/behavioral, and multicultural, but also learn newer theories on motivational interviewing, solution focused, and ACT. In addition, neuroscience findings are integrated to show how psychotherapy changes our brains. Student learning is enhanced via reflection and applied exercises, theory application examples, and case demonstrations to reinforce student learning. The book's unique focus on multicultural and social justice awareness, knowledge, skills, and actions fills a gap and helps students bridge what they learn in the classroom with the application of theory in the real world. Intended for both graduate and undergraduate courses, *Essential Theories of Counseling and Psychotherapy* is an ideal foundational

text for theory courses found in departments of counseling, psychology, human services, marriage and family therapy, and counselor education. For a look at the specific features and benefits of *Essential Theories of Counseling and Psychotherapy*, visit [cognella.com/essential-theories-of-counseling-and-psychotherapy-features-and-benefits](http://cognella.com/essential-theories-of-counseling-and-psychotherapy-features-and-benefits).

**Essential Theories of Counseling and Psychotherapy** Allyn & Bacon

This clear, engaging, and accessible counseling theories text offers comprehensive and integrative coverage of the major theoretical approaches, as well as several emerging approaches. The text provides not only the background counselors need to understand the theoretical approaches but also numerous cases, examples, and therapeutic techniques to illustrate how to apply each theoretical approach. Unlike similar texts where integration is discussed in a separate chapter, this text covers integration in every chapter to address integrating each specific theory with other approaches (e.g., page 57). Every chapter includes a section

discussing multicultural and diversity effectiveness for that theoretical approach (e.g., page 52). Each chapter covering theoretical approaches (Chapters 2-14) begins with a discussion on the historical context and background of the theory, as well as background on the theorist (e.g., page 21). An overview of outcome research, along with a summary of a sample research study, is included for every theoretical approach (e.g., page 58). This is the only counseling theory text available that includes a chapter on Psychopharmacological (Biological) Approaches (Chapter 14). Theories of Psychotherapy & Counseling: Concepts and Cases SAGE Publications Contemporary Theory and Practice in Counseling and Psychotherapy by

Howard E. A. Tinsley, Suzanne H. Lease, and Noelle S. Giffin Wiersma is a comprehensive, topically arranged text that provides a contemporary account of counseling theories as practiced by internationally acclaimed experts in the field. Each chapter covers the way mindfulness, strengths-based positive psychology, and the common factors model is integrated into the theory. A special emphasis on evidence-based practice helps readers prepare for their work in the field.
