This handbook provides a comprehensive overview of the nature of dreams as understood from a range of diverse perspectives, and their relevance for pastoral care. Its approach is both systematic and practical, enabling ministers, spiritual directors and counsellors to understand the nature of dreams and the role they play in the lives of those in their pastoral care. Dreams are a universal phenomenon and have a long established role in religious faith and practice. Yet many pastors feel ill-equipped to deal with this area of human consciousness. In this guide, twenty-two contributors from a wide variety of disciplines explore the potential of dreams to bring about renewal, healing, reconciliation and encounter with the transcendent. • Part 1 examines dreams from theological, psychological and cultural anthropological perspectives. • Part 2 explores the theme of dreams and religion through empirical data, theory and reflections. • Part 3 considers dreams and the practice of pastoral care for a variety of settings and groups.

How to Minister Freedom Paulist Press

Foundational Teaching from a Charismatic Healing Minister and a Catholic Scholar International healing minister Randy Clark teams up with Mary Healy, a respected Catholic scholar, to show not only that the gifts of the Spirit still exist today, but that they are not optional; they are the necessary tools God has given for both building his Church and spreading the Gospel. With wisdom and practical insight, Clark and Healy walk you through biblical texts, dispel misconceptions, and show that there is an endless variety of gifts. They also show how the gifts are not just for a select few, but distributed freely by the Holy Spirit among believers. After laying this foundation, the authors reveal how you can activate the gifts in your own life and use them to benefit others. In this hurting world, you can give people more than just a message--you can help usher them into an encounter with God.

Twenty discourses from the Pali Canon--including those most essential to the study and teaching of early Buddhism--are provided in fresh translations, accompanied by introductions that

highlight the main themes and set the ideas presented in the context of wider philosophical and religious issues. Taken together, these fascinating works give an account of Buddhist teachings directly from the earliest primary sources. In his General Introduction, John J. Holder discusses the structure and language of the Pali Canon--its importance within the Buddhist tradition and the historical context in which it developed--and gives an overview of the basic doctrines of early Buddhism.

Walter Hilton's *The Scale of Perfection* maintains a secure place among the major religious treatises composed in fourteenth-century England. This guide to the contemplative life, written in two books of more than 40,000 words each,

is notable for its careful explorations of its religious themes and also as a monument of Middle English prose. Its popularity is attested by the fact that some forty-two manuscripts containing one or both of the books survive, with a relatively large number of manuscripts with Book I alone, which suggests it may have been the more popular of the two. Hilton (born c. 1343) was a member of the religious order known as the Augustinian Canons. There is reason to believe that he was trained in canon law and studied at the University of Cambridge. He was the author of a number of works in English and Latin, all much shorter than *The Scale*. He died at the Augustinian Priory of Thurgarton in Nottinghamshire in 1396. On the basis of the content of certain of his works it can be safely inferred that he was actively involved in some of the religious controversies current in England in the 1380s and 1390s, and his principal concern, evident in *The Scale*, is to defend orthodox belief, especially in the conduct of the contemplative life.

Self-Deliverance Springer

Many Christians labor under the false notion that because they are saved, past wounds, hurts, and consequences from mistakes are swept away. Yet they continue to be plagued with spiritual and emotional problems. They long for healing while wondering why they are unable to break free. The answer, says inner healing expert Charles H. Kraft, is that believers need to seek healing and deliverance as steps beyond salvation. Only when Christians are freed from the bonds of oppression deep inside themselves can they walk with the closeness with Jesus they yearn for. Using a proven process he has refined through years of successful deliverance ministry, Kraft leads readers step by step to

freedom--and ultimately to healing.
