American Mob Violence Outside the

South Rowman & Littlefield

The Beekeeper's Son Sometimes it takes a barren landscape to see the beauty of Gott's creation. Phineas King knows better than to expect anything but shock and pity wherever he shows his face. Horribly scarred from the tragic accident that claimed his mother's life, he chooses to keep his distance from everyone, focusing his time and energy on the bees his family raises. If no one sees him, no one can judge him. So why does he start finding excuses to seek out Deborah Lantz, the beautiful new arrival in town? Deborah can't get out of Bee County, Texas, soon enough. Once her mother and younger siblings are settled, she is on the first bus out of this dusty town. She is only waiting on the letter from Aaron, asking her to return to lush Tennessee to be his fraa. But that letter never comes. As she spends time getting to know Phineas—hoping to uncover the man beneath the scars—she begins to realize that she no longer minds that Aaron hasn't sent for her. As both Deborah and Phineas try to come to terms with lives that haven't turned out the way they imagined, they discover that perhaps Gott's plans for them are more extraordinary than they could have dreamed. But they need to let go of their own past sorrows and disappointments to find the joy and beauty that lies just ahead for them both. The Bishop's Son Two men offer Leila two very different futures. Will she choose with her heart or with her faith? Leila Lantz has been in love with Jesse Glick from the day she first saw him at his father's store, but she can't make sense of his intentions. One day he wants to come courting, the next he seems to be putting distance between them. Jesse may be the bishop's son, but his faith has been wavering of late. If he is so unsure, is it

fair to give Leila false hope for a future he doubts he can provide? Then there's Will, Jesse's cousin. He has been trying to keep his feelings for Leila a secret, but he also knows Jesse is wrestling with his faith. Would declaring his feelings for Leila be in her best interest or simply serving his own selfish desires? Leila knows she can choose Will and be secure in her own future. But when her heart speaks, it's Jesse's name she hears. When will God make His will known to her? Could leaving everything she knows—even her own faith—be a part of God's plan? The Saddle Maker's Son Rebekah Lantz feels imprisoned by circumstances she didn't create. Tobias Byler is haunted by regret. Can two young runaways from half a world away teach them the healing power of true family? Rebekah isn't like her sister, but the watchful gaze of her family and small, close knit Amish community makes her feel as if she's been judged and found lacking. The men avoid her and the women whisper behind her back. She simply longs for the same chance to be a wife and mother that her friends have. Tobias Byler only wants to escape feelings for a woman he knows he should never have allowed to get close to him. Moving with his family to isolated Bee County, Texas, seemed the best way to leave his mistakes behind. But even a move across the country can't erase the past that accompanies his every thought. A surprise encounter with two half-starved runaway children forces both Rebekah and Tobias to turn to each other to help a sister and brother who have traveled thousands of miles in search of lives of unfettered peace and joy. In doing so, Rebekah and Tobias discover the key to forgetting the past is the one that will open the door to love and the future they both seek.

Books 1-10 Simon and Schuster
History is repeating itself. For ambitious engineer Simon Darcy, winning Queen Victoria's competition to recover lost inventions of historical significance is a matter of pride—and redemption. After all, it was Simon's failed monorail project that left his family destitute, and winning the tournament would surely restore the Darcys' reputation. Simon sets his sights high, targeting no less than the infamous time-travel device that forever changed the world by transporting scientists, engineers, and artists from the twentieth century. The Mod technology was banned and supposedly destroyed, but Simon is sure he can re-create it. His daring plan draws the attention of Willie G., the Clockwork Canary, London's sensationalist reporter. Simon soon discovers that Willie is a male guise for Wilhemina Goodenough, the love of his youth, who left him jilted and bitter. He questions her motives even as he falls prey to her unique charm. As the attraction between the two reignites, Simon realizes that this vixen from his past has secrets that could be the key to his future...as long as he can put their history behind him.

The Youngers: The Complete Series (Books 1-4) Simon and Schuster

It's been over twenty years since the pandemic woke magic in some - and drove others to violence. Bader Winthrop and her eclectic family own the Winthrop Literary Society bookstore, and live in the attached residence. Always a resource for good information, the shop

grew into a place where people could get answers - or find a safe haven.

Approaching fifty, Bader starts to question her purpose and focus in life. Is this it? Is this all she's meant to do? To be? Bishop's Bay was founded by Bader's ancestors when they escaped the Salem Trials, and the house they built is now part business/part home - and sentient. When the house gives Bader an ancient journal, she realizes the political climate in Bishop's Bay is oddly reminiscent of Salem during the Trials. Even moreso when one adds in the rise of a new political party that wants to remove those with magic from the world. Or do they? When old hatreds and jealousies arise, it's up to Bader to gather her allies and fight for her family, her home, her town - and herself.

In recent decades, scholars have explored much of the history of mob violence in the American South, especially in the years after Reconstruction. However, the lynching violence that occurred in American regions outside the South, where hundreds of persons, including Hispanics, whites, African Americans, Native Americans, and Asian Americans died at the hands of lynch mobs, has received less attention. This collection of essays by prominent and rising scholars fills this gap by illuminating the factors that distinguished lynching in the West, the Midwest, and the Mid-Atlantic. The volume adds to a more comprehensive history of American lynching and will be of interest to all readers interested in the history of violence across the varied regions of the United States.
